The Honorable Josh Hawley

The Honorable Eric Schmitt

United States Senate

Washington, D.C.

Dear Senators Hawley and Schmitt,

We, the undersigned members of the Missouri Senate Republican Caucus, write to express our strong and united support for President Trump's *Big Beautiful Bill* and to thank you for your leadership in standing up for Missouri values in the United States Senate.

This legislation represents exactly what Missourians are demanding: secure borders, energy independence, a strong economy, protection of parental rights, and a federal government that gets out of the way of everyday Americans. These are not abstract policy goals — they are the daily priorities of working families in our districts.

As you lead the charge in Washington, know this: you have our full backing. We will proudly stand with you and with President Trump in promoting and defending this bill in our communities and across the state as partners in the fight to move this nation forward.

We will not be silenced by the radical left, the media, or the DC establishment. Missouri is behind you, and together, we will ensure the America First agenda is not only heard but enacted.

Thank you for your continued courage and conviction. Let's get this done.

Sincerely,

Members of the Missouri Senate Republican Caucus
